

ASHBURY GROVE

~ R E S E R V E ~

2006 Cabernet Sauvignon

Situated in the picturesque foothills of Australia's Great Divide, Ashbury Grove produces premium wines of distinction.

From a selection of Australian vineyards our winemaker identifies parcels of Cabernet Sauvignon showing exceptional depth and intensity of varietal flavour for our 'Reserve Label.'

The grapes were harvested at night at full ripeness. After crushing and pressing, fermentation temperatures were allowed to reach 27°C before being carefully controlled at around 24°C. The wine was then mature in oak before individual parcels were blended and bottled.

The Wine

Deep red in colour with purple highlights this wine has all the hallmarks of a true Australian Cabernet Sauvignon. The nose has a bouquet of blackcurrant layered with spice, mint and cedar notes.

On the palate it's rich and opulent, with overtones of luscious cherries and juicy dark berry fruits. Ripe tannins and rich lingering flavours support these generous fruits.

The 2006 Ashbury Grove Cabernet Sauvignon will reward all lovers of red wine. It's restrained and elegant with powerful fruit. This wine has the potential to develop further in the bottle if carefully cellared but is drinking well upon release.

Variety: Cabernet Sauvignon

Vintage: 2006

Alcohol: 14.0% alc/vol

pH: 3.61

TA: 6.23g/L

RS: 2.29 g/L

Winemaker: Brett Duffin
